Dear Flower Friend:

Gladiolus planting time is here. Plant your bulbs now for gorgeous cut flowers all summer and early fall. Gladiolus—the universal flower—can be grown successfully anywhere under almost any condition.

The more vigorous the bulb, the more perfect the flower. Plant only **GENUINE KUNDERD GLADIOLI**, the most scientifically and carefully grown bulbs in the world.

These aristocrats of the flower world should be planted in your garden this year. You will thrill at their marvelous colors and their exotic beauty. Gladioli—**KUNDERD GLADIOLI**—give ever so much pleasure and enjoyment for such a small investment.

Send your order today, while it is on your mind. There is only a limited supply available and of course early orders will be filled first.

Yours for a better garden,

A. E. KUNDERD INC.

P. S. For special named varieties, be sure to refer to our regular colored gladiolus catalog sent you earlier in the season.

SUPERB PEONIES — CHARMING IRIS

PEONIES WILL BE
DELIVERED IN SEPTEMBER
OR EARLY OCTOBER

The well planned garden starts flowering in early spring with the Dutch bulbs and then follows along with Iris and Peonies. The Iris, often referred to as "The Poor Man's Orchid," comes in a very wide range of lovely color combinations. They add dignity, beauty, and charm as well as gorgeous color to any landscape.

The Peony gives a wealth of color and a mass of bloom. It is, without question, the showiest of the late spring flowers. Bold masses of peonies or specimen plants dotted here and there through the garden command instant attention and admiration.

We are listing here many of the most favored varieties. Our list is of necessity limited so if there are other varieties in which you are interested please write us and we shall gladly send quotations.
